# A Note from our President

## Greetings!

The 2023 All Camaro Show was a great success with 118 Camaros present! I wish to thank all the officers of the PNWCC as well as all the volunteers who helped and all our winners that made the All Camaro Show a great day. Special Thank you to Chevrolet of Everett for being our sponsor. Also thank you to the Western Washington Firebird Club for providing the music.

Our pre-show work of visiting other car shows and leafletting Camaro owners with our ACS flyer paid off and our online pre-registration drew 76 participants by the eve of the show.

Once again, online voting helped to speed our people's choice award tabulation.

Club Membership grew too, 132 members with 19 memberships being either new or renewed, which is club record for memberships with the last two years! With our participation level back to pre-Covid levels I am confident that the club will be able to fully fund a Hot Rod Hall of Fame Scholarship and contribute to Life Enrichment Options with financial ease.

Thou parking within the lot was tight by the afternoon, all the parking rules and cone restrictions were observed, and everyone was safe. I worked the parking; I was very appreciative of everyone's cooperation when I asked some participants to move their cars so a few more Camaro's could park within the lot.

So, if you liked what you saw and enjoyed the day at ACS, please consider volunteering for the show in the future or consider becoming an officer in the club. Elections will be held in November.

Brian Stanley
President PNWCC 2023

# 2023 All Camaro Show Recap

Thank you to Everyone who attended the 2023 All Camaro Show, we had very good weather and a GREAT turnout of 118 cars on site at the Triple X Drive-In.

Charles Murphy 2018 Red Line Edition 2SS
Joseph Barone 2022 Rapid Blue
Tom Garvin 2018 Black ZL1

# Best of Show:

Fred Ajeto 1968 Scarlet Red SS

Make plans to join us again next year for the 2024 All Camaro Show tentatively scheduled for July 21st. We will notify everyone when we get the date finalized with Triple X.

Thank you all again for such a wonderful event, I hope a great time was had by all.

Don't forget to attend the **Firebird – Camaro Show** hosted by the **Western Washington Firebirds on September 10th** also at the Triple X Drive-In. See you there.

# 2024 Chevrolet Camaro Collector's Edition: Details

If you didn't know, Chevrolet is launching a 2024 Camaro Collector's Edition for the last year of the muscle car's production. This unique vehicle will be available for the LT/RS, LT1, and SS trims and will come exclusively with Panther Black Metallic Tintcoat paint, Satin Black accent stripes, and 20-inch Satin Black or optional Polished Forged Wheels. Those opting for the SS 1LE package and the coupe body style will receive the rear spoiler from the ZL1 package.

If you want to go all out for your purchase of this Collector's Edition Camaro, the 2024 ZL1 trim is the one to get; with a limited production of just 350 units, it comes exclusively in Panther Black Matte, the first (and last?) matte paint offered on Camaro from the factory. On the inside, all 350 Collector's Edition ZL1 vehicles receive a serialized steering wheel badge representing where that vehicle was built in sequence. In addition, all owners of the special ZL1 will receive a bespoke Shinola Canfield Sport 45mm watch that commemorates this special edition muscle car, with an inscribed serial number that matches the number on the vehicle's steering wheel badge.

# GM Will Produce More 2024 Chevy Camaro Units With 6.2L V8 LT1 Engine

The 2024 Chevy Camaro is the final model year for the current sixth-generation sports car, offering up a few crucial updates and changes compared to the preceding 2023 model year. It goes without saying that enthusiasts will love the 2024 Chevy Camaro for many different reasons, but perhaps one of the most important is the availability of the naturally aspirated 6.2L V8 LT1 engine. Now, *GM Authority* has learned that GM will produce more 2024 Chevy Camaro units with the 6.2L V8 LT1.

According to *GM Authority* sources, General Motors will produce roughly 60 percent more units of the 2024 Chevy Camaro equipped with the naturally aspirated 6.2L V8 LT1 engine, as compared to the number of LT1-powered 2023 Chevy Camaro units that were produced. Basically, that means more Chevy Camaros equipped with the LT1 engine will be produced for the 2024 model year than were produced for the 2023 model year. Production of the 2024 Chevy Camaro will begin August 7th, 2023, per a *GM Authority* exclusive.

All of that should come as good news for those Camaro fans eager to snag an example of the iconic Chevy performance vehicle with a generous heaping of atmospheric V8 goodness under the hood. As a reminder, the LT1 engine is available for three 2024 Chevy Camaro trim levels, including LT1, 1SS, and 2SS. Engine specs include cast aluminum construction for the block and head, Active Fuel Management, and Variable Valve Timing (VVT). The LT1 can also be found under the hood of the C7 Chevy Corvette.

In the Chevy Camaro, output from the LT1 is rated at a maximum of 455 horsepower at 6,000 rpm and 455 pound-feet of torque at 4,400 rpm.

The 2024 Chevy Camaro will officially sunset the sixth-generation Chevy Camaro, and as such, it offers a few enticing special edition models, including the 2024 Chevy Camaro Collector's Edition, as well as the 2024 Chevy Camaro Garage 56 Edition.

# For sale: 1967 RS/SS Camaro

Muncie 4 speed, Rochester Quadra jet carb, 350 cu inch engine, rare fold down back seat, gauges. Garaged for 30 years.  Pictures are attached.  We have all records of purchases and service history, spare parts.  $55,000 obo.  I can be reached at 206-390-9169 or shawne.lidstrom@gmail.com.
